Recording Studio

16-track recording sound board with computer was donated. Library has been moved and recording studio is being set up. Goal is that classes will be CTE enabled to get additional funding to buy other technical equipment. Mr. Kays will apply for CTE certification this summer, and then will be able to apply for CTE funding.

Budget

Thorns' schedule for home games has been changed, so we will lose 3 games of parking fundraisers which have been moved and 2 games which have been eliminated. The impact is a \$5000 gap for this fiscal year. The problem is that we are now loaded with games over the summer and may have staffing issues.

One alternative to cover the gap is to raise the price of parking to \$15. If we raise price, then should consider using Square to take credit cards. Diane will work on the

coordination of this. Diane's daughter Sophia will set up the SignUpGenius to track volunteers.

We have \$19,968 in our account. Given the decrease in funding, a close review of our budget will be done.

Fundraising

Another *coffee fundraiser* is coming! Online ordering is going to be available for the next sale. Thanks, Kristin and Stephen!

April sale will be delivered at April 24th recital or go home with student. Orders will go out April 4th. Orders will need to be in by April 19th. James will update the donate button for a coffee button to allow for Paypal. This would allow us to also do a May sale. Price for orders will be \$12/12 oz. (\$14/12 oz. for decaf).

Southern California/Disneyland Tour 2020

Need to start planning itinerary. Music Boosters will review at next meeting before presenting to students.

Meeting adjourned at 8:02 p.m.
